

RAFFLES

SUSTAINABILITY *by Raffles*

OUR *sustainability* PROMISE

At Raffles, our vision is to transform expectations of luxury, by putting sustainability at the heart of a more mindful guest experience.

As environmental and social leaders who believe passionately in the preservation of cultural and natural heritage, we are reducing our environmental footprint, working to conserve our precious planet and creating meaningful connections with local communities.

We show this commitment by:

- Reducing greenhouse gas emissions, conserving resources and minimising single-use plastics while ensuring your stay is marked by graceful comforts.
- Inviting you to discover a curated selection of eco-conscious and sustainable local treasures.
- Providing considered dining experiences, highlighting plant-based menus and responsibly sourced products, with a continual focus on reducing waste.

As stewards of the communities we inhabit, we lead initiatives that ensure every visit enriches both our guests and the planet.

ECO

gestures

Embrace sustainability from your room, where simple actions can lead to significant environmental benefits.

AIR CONDITIONING

We have thoughtfully set your room's temperature to offer comfort while minimising environmental impact. Adjusting the thermostat by just a few degrees can significantly reduce energy usage and help preserve our natural surroundings.

LIGHTS

Empower conservation with a simple action. Please switch off the lights when you leave the room to help save energy.

WASTE

Every item has the potential for a second life. Help us turn 'waste' into 'resource' by sorting and disposing of your waste in the designated bins provided.

WATER

Every drop counts. Water is a precious and versatile resource; please help us conserve it.

Your mindful actions contribute to our collective efforts in sustaining the beauty and health of our precious environment.

FOOD *waste* COMMITMENTS

FOOD WASTE

Delectable choices, thoughtful decisions.

Globally, a third of all food produced is wasted, significantly straining Earth's vital resources such as farmlands, fresh water and non-renewable fuel sources.

At Raffles, we are deeply committed to reducing this waste every day. Our evolving menus and kitchen operations are designed to utilise creatively more of each ingredient, maximising flavour while minimising waste. Our à la carte breakfast options are carefully designed to align with this goal, providing delicious, healthful meals that minimise waste.

We invite you to appreciate our dedicated efforts to preserve both our food and our planet.

SUSTAINABLE DINING

The consumption of animal protein significantly impacts the environment through extensive use of water, soil, and the production of methane. At Raffles, we're redefining culinary excellence by expanding our menu to include a greater selection of plant-based options. These creative and delightful dishes not only lessen our environmental footprint but also aim to inspire curiosity and appreciation for the often-overlooked richness of plant-based cuisine. We invite you to explore these thoughtful choices, designed to provide memorable dining experiences that are as kind to the planet as they are pleasing to the palate.

SUSTAINABLE *transportation*

Deepen your connection to a destination through alternative and immersive transportation methods that are mindful of the environment:

WALKING

Discover local itineraries and hiking paths, enjoying the unique charm of our destinations at your own pace.

PUBLIC TRANSPORTATION

Easily access key attractions using our efficient local metro and bus services.

BIKE RENTAL

Find nearby bike rental services, and enjoy scenic bike routes enjoyed by locals.

ELECTRIC SHUTTLES OR CARS

Opt for electric shuttle services or use the allocated charging stations for your electric vehicle, where available.

MINDFUL *exploration*

SUSTAINABLE/ECO-CONSCIOUS ITINERARIES

Discover a world of sustainable and culturally rich local encounters through our eco-conscious itineraries. Experience authentic connections with artisans and businesses dedicated to making a positive impact.

DISCOVER WITH PURPOSE

Talk to your Raffles Butler or Concierge team to explore handpicked experiences that enrich both you and the local community, while supporting environmental sustainability.

SAVOUR SUSTAINABILITY

Consult our team for recommendations on dining spots that embrace local and ethical culinary practices.

EXPLORE AUTHENTICALLY

Your Raffles Butler will connect you with celebrated local makers and impactful businesses, providing tailored advice on local visiting spots, with insider tips for a truly authentic experience.
